

10 September (Mon)										
Room	Grand Ballroom	101	103	105	106	107	108	204	205	206
08:00										
09:00	Opening Ceremony									
10:00	Keynote Lecture 01 & 02									
11:00										
12:00		T4.1 Sustainable management of groundwater resources	T5.2 Agriculture and nutrients (Co-organized with National Institute of Environmental Research (NIER), Korea)	T1.1 Socioeconomic aspects of groundwater resources management	T2.3 Novel sampling, analysis, and monitoring techniques	T4.4 Managed aquifer recharge	T5.1 Mineral water and CO ₂ -rich water	T6.2 Biogeochemistry and ecosystems of the riparian and hyporheic zone	T7.1 Groundwater in karst and fractured rock aquifer	
13:00	Lunch									
14:00	keynote Lecture 03 & 04									
15:00	Coffee Break & Poster Presentation									
16:00		T4.1 Sustainable management of groundwater resources	T5.2 Agriculture and nutrients (Co-organized with National Institute of Environmental Research (NIER), Korea)	T1.3+T1.4 Ecohydrology: connecting water and life + Geomicrobial characterization of subsurface environment	T2.5 Innovation in regional groundwater flow understanding (IAH-RGF special session)	T4.2 Regional aquifer systems under climate change	T3.4 Urban groundwater: a key resource	T8.1 Seawater intrusion in heterogeneous coastal aquifers – monitoring and modelling	T9.3 Low and high temperature geothermal energy	
17:00										
18:00				MAR	Commission Meeting for RGFC-IAH	Network on Coastal Aquifers Management and Coastal Zone Dynamics	The Commission on Mineral and Thermal Water			ECHN Annual General Meeting
19:00										
20:00	ECHN Social Function
